

Year 2016 Visual Report

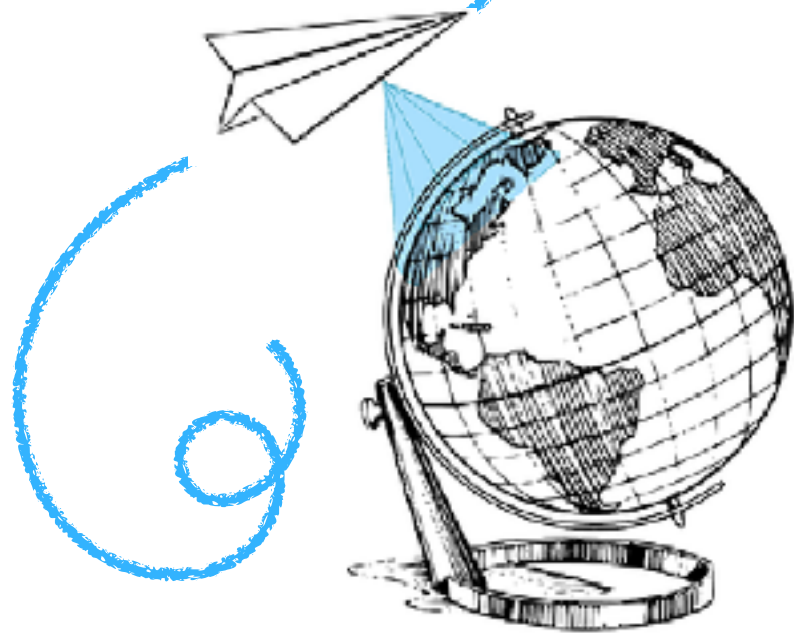

Supporting
science projects
that make the
difference

A simple concept : Give Wings to Science & Education

for science...

& education

We fly...

books & movies

The team of Wings for Science

The patrons

Claudie Haignere
(Astronaut, ex-Minister
of science in France)

Pierre Lena (french
Academy of Science)

The pilots & co-founders

Clementine Bacri (lawyer,
writer, pilot)

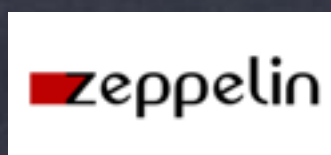

Adrien Normier (engineer,
pilot)

Projet-pilote de La Guilde
Européenne du Raid & Members of
the Société des Explorateurs Français

Communication

HELIOM

Logistics

Ernest (météo)

Actual plane :
The Super petrel

1st plane : Virus SW80

28 scientific collaborations since 2008 in the World

Argentina - Glaciology

GLACIARIUM
MUSEO DEL HIELO PATAGÓNICO

Digital Elevation Models of the Uppsala's ice front and of the collapsed rock wall

Chili - Geography

© 2016 Google

PONTIFICIA
UNIVERSIDAD
CATÓLICA
DE CHILE

1st exploration of an unknown lake in Patagonia & biotopes sampling

Chili - Oceanography

Identification of chilean dolphin's breeding areas

Chili - Water quality

Localization of pollution sources in the Rahué river

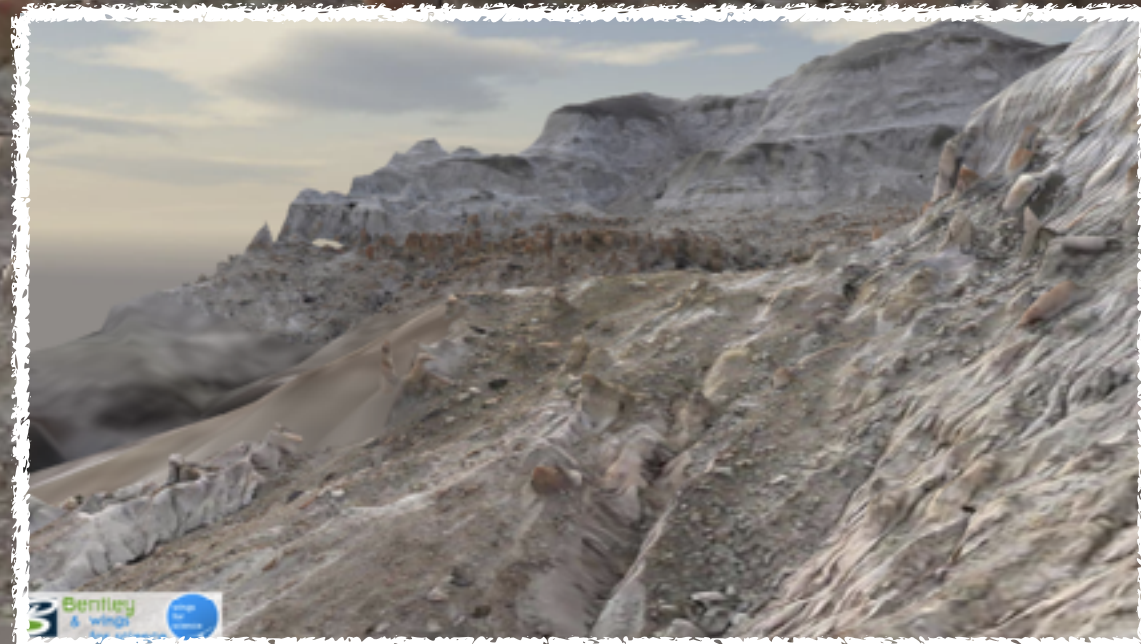

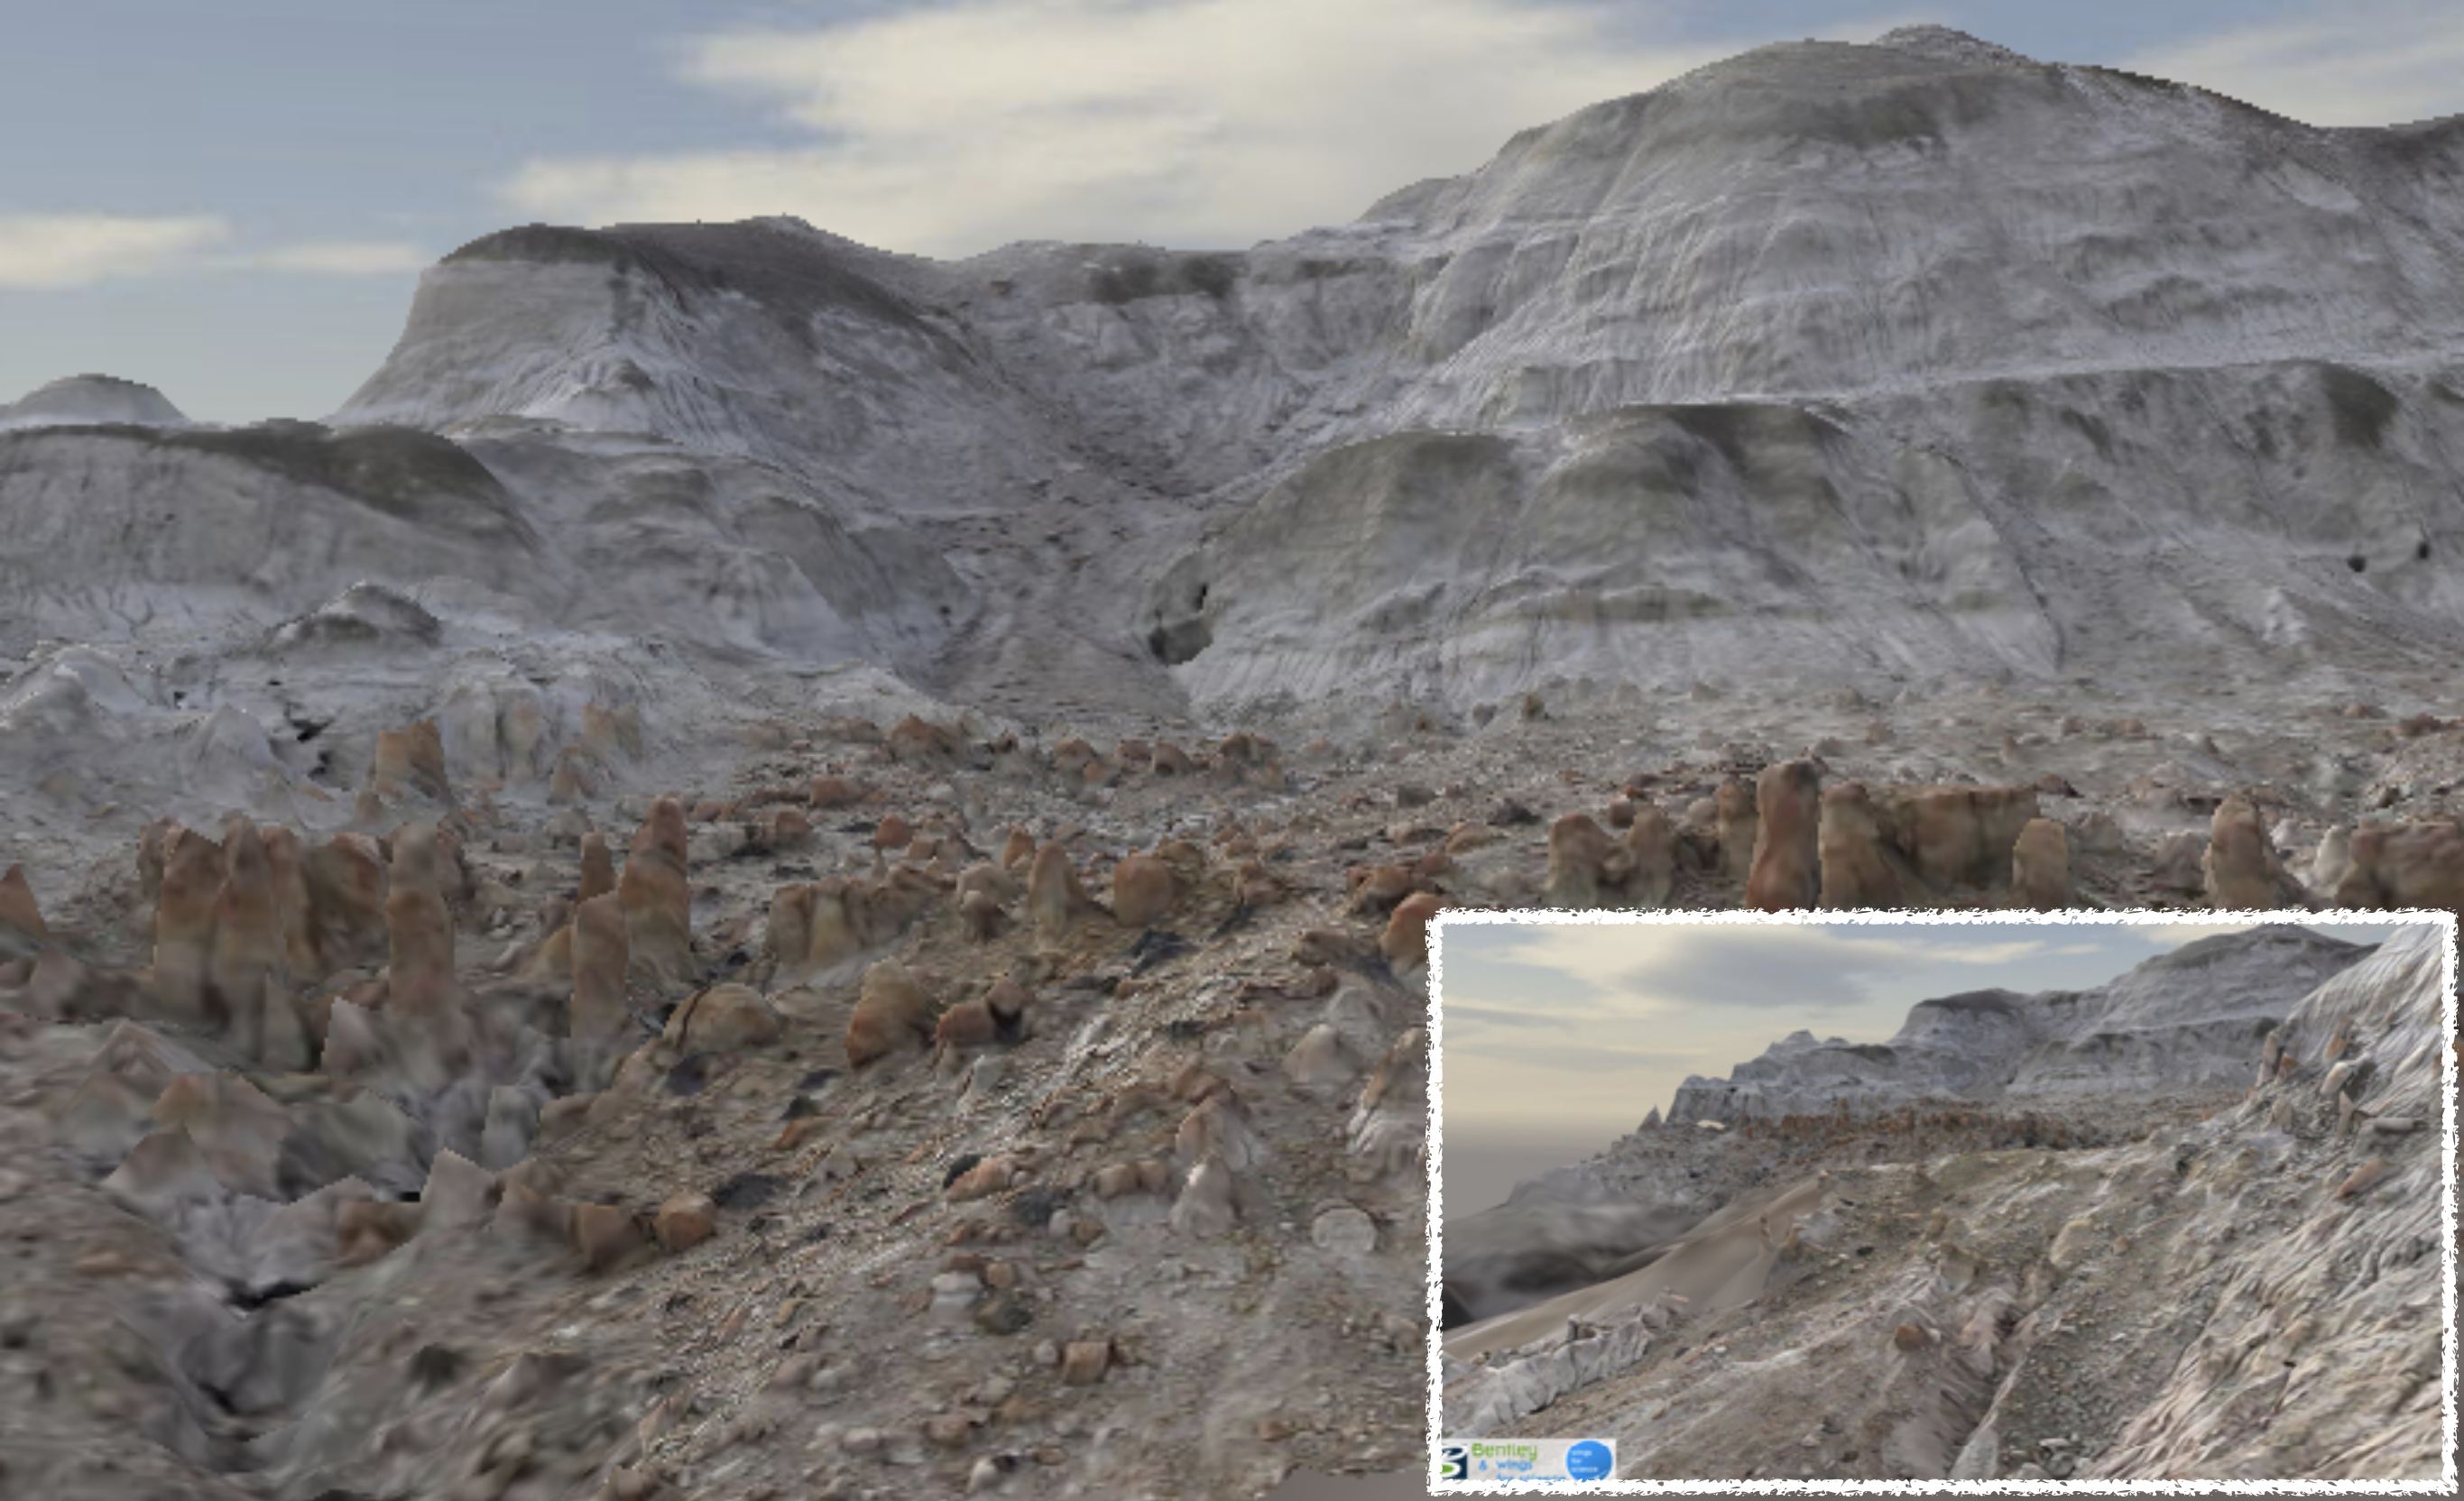

Argentina - Paleontology

Mef

Museo Paleontológico Egidio Feruglio

Digital Elevation Model & localization of rizzolithes fossils

Argentina - Ecology

Identification of areas of high-density biodiversity

Brazil - Conservation

Water sampling in lakes surrounded by swamps & mapping of forestial areas

Peru - Volcanology/Archeology

La Pompéi d'Amérique Latine **Hua**yruro

Prospection with drones

visible

Chimpapampa

360°

infrared thermal

Calicanto

French Guyana - Prospection

Réserve Naturelle
AMANA

Prospection for biodiversity & old amerindians farming grounds in a humid savana

Surinam - Biology & Geology

Documentation of the coastal erosion & human activities

A large media cover

For 2016

- 57 press articles
- 12 TV interviews at national level
- 8 radio broadcasts

Participation to big
communication events

USA - Annual Aeronautical
meeting

**INTERNATIONAL
FLY-IN & EXPO**
APRIL 5-10 | 2016
LAKELAND, FLORIDA

Stay tuned !
